* Morningstar rates funds from 1 to 5 stars (5 is best; 1 is worst). Four-stars mean that the fund is among the top 32.5% of the funds in its category. That means that it performs better on a risk-adjusted basis than at least two thirds of the funds in its category.

** Currently, 58 funds appear on Morningstar's list of "Small and Beautiful Funds." To appear on the list a fund must meet the following criteria: Total assets less than \$500m, U.S. Equity, Distinct Portfolio, Expense Ratio less than 1%, initial purchase less than \$10,000 (DRIPX requires no minimum amount), 5 year return % rank of better than 50%, fund manager tenure more than 5 years, and less than 33% of fund assets in cash.

*** Performance returns for the 2nd quarter are cumulative.

**** The S&P 500 Index (S&P) measures the performance of 500 publicly traded companies, which are among the largest in the U.S. The S&P does not incur expenses and is not available for investment. "Downside Capture" relates to the Fund's performance compared with the S&P and is from the fund's inception. As shown, when the S&P moved down, the Fund moved down only 80.81% of the amount of the market downward movement. Beta is a measure of volatility. As shown, the Fund has been only 85% as volatile as the S&P.

***** Performance for every down full year for either the S&P or DRIPX. The average performance return is a simple average return.

Performance data quoted represents past performance and does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost.
