** Morningstar Category: Large Cap Value

*** ETF that tracks the iShares Russell 1000 (IWD) Value Index, which is the Fund's "Best Fit" Index, according to Morningstar.

**** Morningstar gives medal designations to certain funds. Those designations are Bronze, Silver, and Gold. The Silver designation is "That a fund is one of the top 35% of its Morningstar Category. It's a forward-looking assessment that suggests the fund will outperform its peers over a period of at least five years." Morningstar rates funds from 1 to 5 stars (5 is best; 1 is worst). Five-stars mean that the fund is among the top 10% of the funds in its category.

***** Performance for every down full year when either DRIPX, the peer group Category, or the S&P 500 went down. The average is a simple average return.

***** The S&P 500 Index (S&P) measures the performance of 500 publicly traded companies, which are among the largest in the U.S. The S&P does not incur expenses and is not available for investment. "Downside Capture" relates to the Fund's performance compared with the S&P and is from the fund's inception. As shown, the Fund moved down only 94% of the amount the S&P moved down. Beta is a measure of volatility. As shown, the Fund has been only 90% as volatile as the S&P 500 Index.

Performance data quoted represents past performance and does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance of the Fund may be lower or higher than the performance quoted.
